

Sample Statements & Questions to ask in the VirtuCare Simulation

Purpose

This document provides a list of sample statements and questions that can guide your interactions with virtual patients in the VirtuCare simulation. These prompts are designed to help you practice key communication skills, gather relevant patient information, and build rapport in a clinical setting.

Sample Statements & Questions

Greeting: "Good afternoon."

Duration: "How long has this issue been occurring?"

Reason: "What brings you in today?"

Lifestyle: "Can you tell me about your daily activities?"

Menstruation: "Is your menstrual cycle regular?"

Sleep: "How has your sleep been lately?"

Diet: "What is your diet like?"

Pain: "Are you experiencing any pain?"

Stress: "How are you managing your stress levels?"

Medication: "Are you currently taking any medications?"

Substance Use: "Do you use any substances like alcohol or caffeine?"

Closing: "Goodbye."
